

**Pharmacy Council of Pakistan**  
Ministry of National Health Services, Regulations and Coordination  
Government of Pakistan

F. No. 1-28/2024-PCP

Islamabad, the 23<sup>rd</sup> December, 2024

**CIRCULAR**

**SUBJECT: - CHANGE OF AFFILIATION IN PHARM.D PROGRAM**

Reference is drawn to the subject cited above.

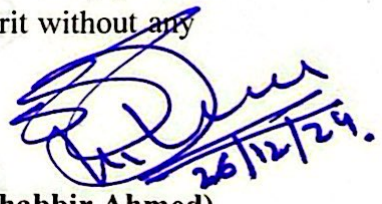

2. The Pharmacy Council of Pakistan is established under the provisions of the Pharmacy Act, 1967 and entrusted with the core function of overseeing the standard of education being maintained by the institutes offering pharmacy education in Pakistan.

3. It has been noted with deep concern that upon getting the No Objection Certificate (NOC) from the Council to offer Pharm. D courses, various institutes are changing their affiliating University without prior approval of the competent authority i.e., Pharmacy Council of Pakistan which is sheer violation of terms and conditions of the respective NOCs. In view of that, Pharmacy Council of Pakistan in its 61<sup>st</sup> meeting dated December 02, 2024 has decided as follows;

- i. No change of affiliation in Pharm. D Program shall be allowed without the prior approval of the Pharmacy Council of Pakistan.*
- ii. Any change of affiliation made without the approval of the Pharmacy Council shall be deemed invalid and shall not be recognized by the Council.*

4. In view of above, all the concerned are hereby required to comply with the decision of Pharmacy Council of Pakistan in true letter and spirit without any fail.

  
(Sardar Shabbir Ahmed)  
Vice President/ Secretary  
Pharmacy Council of Pakistan

**All Universities/ Institutions offering Pharm. D Program (Public and Private)**
